### ***Records Transfer Instructions***

(Please read carefully in order to avoid delays)

We really do care about our patients, both past and present, and protecting our patients against harm is an important duty. Identity theft and other criminal activities seem to be on the increase and in an attempt to protect our patients; we are requiring governmental identification before releasing any patient records. Acceptable government issued identifications are a current California driver's license, a California ID Card, or a US Passport. Out of state licenses will usually be accepted. Most patients use a current California driver's license. **Please make a copy of both the front and back of your California driver's license and fax or e-mail it along with your records transfer request.**

If you wish to pick up your records in person, we will need 72 hour notice.

The charge for duplication and mailing of x-rays is \$25.00. If you wish also to have photocopies of your treatment sheets, the fee is \$50. It often takes a dental assistant about a half hour to one whole hour to duplicate records. Since this is a significant expense, your payment must accompany your request for us to dedicate a staff member to this activity.

Included is a credit card authorization form. Please fill it out completely and fax or e-mail with your records transfer request.
